The courses listed in this edition of the Schedule of Classes indicate the present intentions of the departments to offer these courses in the Fall Semester, 1973.

The University reserves the right to change, eliminate, or modify course offerings when, in the judgment of University authorities, circumstances make such action necessary.

THERE WILL BE A SECOND EDITION OF THIS FALL 1973 SCHEDULE OF CLASSES PRINTED IN AUGUST. The Second Edition will reflect any changes in procedures and course offerings which may occur and will supersede information printed in this First Edition.

The information outlined in this publication applies only to registration in the regular day programs of the College Park Campus of the University of Maryland. Students planning to register for courses offered through the University College (Off-campus or Evening Divisions), the Baltimore City Campus, the Baltimore County Campus, or the Eastern Shore Campus should follow registration procedures prescribed by those campuses.

PLEASE NOTE

ALL STUDENTS WHO PRE-REGISTER FOR THE FALL 1973 SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY.

Those students who pre-register and decide not to attend must notify the Office of Student Affairs, Room 203, North Administration Building, in writing prior to August 29. If this office has not received a request for cancellation by August 28, the University will assume the student plans to attend classes and realizes his financial obligation.

Beginning August 29, students who wish to terminate their registration must follow the withdrawal procedure and are liable for charges applicable at the time of withdrawal.

SEE PAGES 13 AND 14 FOR FURTHER EXPLANATION OF THE CANCELLATION AND WITHDRAWAL PROCEDURES AND THEIR CONSEQUENCES.

A University of Maryland College Park Campus student who wishes to enroll in courses offered by University College should not fill out the regular day-campus registration materials. If the student is an undergraduate and is eligible to attend classes in the day-campus program, i.e. he is in good standing and is currently registered at the College Park Campus, he may register and complete a "Notification of Enrollment with University College" form which will be used to notify the student's division of his registration. If the student is an undergraduate and is not eligible to register in the day-campus program, because he was academically dismissed, two full semesters must have elapsed since the dismissal. At that time the student may be admitted to University College and register as a special student.

Only if a student is currently admitted to the University of Maryland Graduate School may he register with University College and be eligible to receive graduate credit.

Registration for Evening Division courses on the College Park campus will be held in the Center of Adult Education on September 4, 5, 6 and 7 according to an alphabetical schedule. For the exact time or for information concerning off-campus courses, consult the University College Schedule of Classes which may be obtained at the Center of Adult Education at University Boulevard and Adelphi Road in College Park. For further information telephone 454-2311.

TUITION

You have a choice of two (2) Scheduling Methods – Alternate Course or Alternate Program.

Regardless of which method you choose, the registration system will consider *all* courses listed in the primary (A) column first. Alternates will be considered only when primary requests are unavailable. The system will not schedule a time conflict.

Neither method requires you to indicate either first or second alternates. However, it will be to your advantage to supply the system with possible alternatives should your complete primary schedule be unavailable as specified. This will reduce the chance of a partial schedule.

Alternate Course Scheduling Method

WHO?

The Student whose major consideration in his scheduling approach is a specific course or group of courses.

HOW?

The Schedule Request Form, interpreted under this method, consists of three columns (primary-A, first alternate-B, and second alternate-C) representing several primary course requests and up to two (2) alternate choices for *each* individual primary choice. Schedules arrived at under this method can be a mix of primary (A), first alternate (B) and second alternate (C) course requests.

Alternate Program Scheduling Method

WHO?

The student whose major consideration in his scheduling approach is specific times or blocks of time in which he can attend classes.

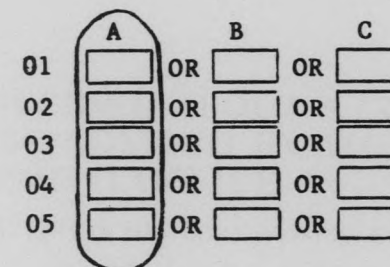

HOW?

This method interprets the information on the Schedule Request Form in terms of three (3) complete and separate schedules. In other words, the three columns (A,B,C) represent a primary schedule and two complete alternate schedules. An attempt is made to schedule one of the three complete schedules rather than a combination of them.

The diagrams below indicate the difference between the Alternate Course and Alternate Program Scheduling Methods in terms of how the Schedule Request Form is interpreted:

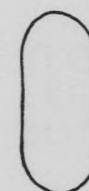

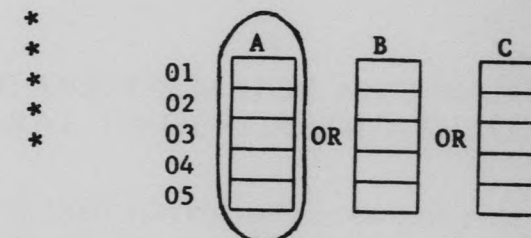

Alternate Course

(A,B & C are considered as 3 groups of separate courses or sections)

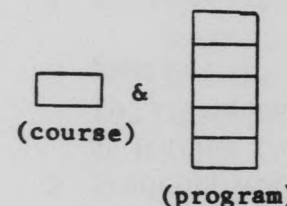

Alternate Program

(A, B & C are considered as 3 separate and complete blocks of courses or sections)

indicates the system's primary scheduling attempt

indicates how the system interprets columns B & C which will be considered only if the primary attempt (A) fails.

Under both methods, for specified sections which are unavailable after all three attempts (primary, first alternate and second alternate) one final attempt is made to schedule any available section of the specified course in an effort to avoid a partial schedule.

UNIVERSITY IDENTIFICATION SYSTEM

TRANSACTION CARDS — All students registered for the fall semester will be issued new transaction cards which are an indication of a student's current registration with the University and serve as a method of recording student data throughout the College Park Campus. These cards will be validated for lodging and activities when appropriate and for library privileges in all cases. Cards for pre-registered students will be available during the week of August 27. Students who register in the Armory will be issued a temporary form of the transaction card which allows those privileges mentioned above and will be replaced by the permanent card approximately two weeks after registration. Please consult the second edition of the Schedule of Classes for information concerning the distribution procedure. All students should carry this card.

PHOTO I.D. CARDS — All students who have been issued photo identification cards should continue to use them. New and readmitted students will be issued new cards when they register. The photo card is not validated and serves only as physical identification.

Further information concerning identification cards may be obtained in room 203 North Administration Building (454-2734).

FOOD SERVICE IDENTIFICATION CARD

Fall 1973 Food Service ID Cards will be available in Dining Hall No. 1 on August 27 and 28 from 8:30 a.m.-8:00 p.m. and on August 29 through August 31 from 8:30 a.m.-4:30 p.m. Board Contracts must be signed before Food Service ID's will be issued. Students under age 21 must have board contracts signed by parent or guardian.

STUDENT PARKING — PRE-REGISTRATION

1. Under the pre-registration system, students may request a parking lot assignment in the same manner as a request for course.
2. Student parking will be designated as PARK. PARK is listed in the appropriate alphabetical sequence, following NUTR (Nutrition) in the course listing section of the Schedule of Classes.
3. All of the sectioning features available for the request of an academic course will apply to a request for PARK: primary choice, 1st and 2nd alternate choices, and computer sectioning in the event of failure of the stated choices.
4. The sectioning process will insure that all students requesting PARK receive a lot assignment of some type.
5. Students who pre-register for PARK may pick up their parking stickers at Ritchie Coliseum, August 27-31 at the time they pick up their Fall 1973 Transaction Plate according to the alphabetic schedule printed on page 7.
6. Students who wish to register a second vehicle may do so in the basement of the Armory during the Registration period, August 27-31.
7. **STUDENTS RESIDING IN UNIVERSITY HOUSING WHO ARE FRESHMEN OR SOPHOMORES ARE NOT ELIGIBLE TO REGISTER FOR PARK.**

An application for diploma must be filed in the Registrations Office by September 18, 1973. Applications are available at the Registrations Office Counter, 1st floor lobby, North Administration Building and in all deans' offices, 8:30 a.m.-4:30 p.m., Monday through Friday.

VETERANS BENEFITS

Students attending under the Veteran's Education Assistance Act (Title 38, U.S. Code) who completed Pre-Registration will be certified by the Registrations Office on the basis of pre-registration course requests. This certification should be verified by the student at the Registrations Office, North Administration Building, 8:30 a.m. — 4:30 p.m., Monday through Friday.

These offices and the student's former college will assume responsibility for the appropriate transfer of complete records.

CHANGE IN PROGRAM (Graduate students only)

1. A graduate student who wishes to change programs or degree objectives must submit a new application with fee to the Graduate School. Current deadlines for new applications apply.

ACADEMIC INFORMATION

SUMMARY OF MAJOR ACADEMIC CHANGES

Effective August 1973

1. *New General University Requirements* replace General Education Requirements. Students presently enrolled may choose which set of requirements will be used for a degree. New "Grading/Retention System" replaces Old "Minimum Requirements for Retention." All students will be under the new retention system beginning August 1973.
2. *The schedule adjustment period* will be the first 10 days of classes. During this period students may drop or add courses. Courses dropped during this period will *not* appear on the student's permanent record. After this schedule adjustment period, the student's status will be considered as *full-time* if the number of credit hours for which he is enrolled *at this time* is 9 or more.
3. *Drop Period*: Extended to ten (10 weeks).
4. *Probation*: A full-time student must achieve 18 quality points in his first semester, and 24 quality points each semester thereafter or he will be placed on academic probation.

Any student, full- or part-time, who fails to maintain a minimum *cumulative* average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus, plus any credits transferred, is 45 credits will be placed on academic probation.

5. *Dismissal*: Under the new Retention Plan, two consecutive citations of probation result in dismissal, and four non-consecutive citations result in dismissal. Probation citations incurred *before* September 1973 do NOT count towards the two consecutive or four total under the new Plan.
6. *Repeated Courses*: The new Retention Plan provides that when a student repeats a course, only the highest grade will be used in computation of the student's cumulative average (but the student's quality points in a given *semester* will be determined by that semester's grades). This principle applies to grades achieved *after* September 1973. All values of grades achieved before September 1973 will be kept in the calculation and have an effect.
7. *Transfer between Programs*: A student who is eligible to remain at the College Park Campus may transfer among curricula, colleges, divisions, or other academic units except where limitations on enrollments have been approved by the Board of Regents.

In all cases of transfer between units, the dean or provost of the receiving unit, with the concurrence of the student, may declare which courses, if any, in the student's previous academic program are not applicable to his new program. Deletions may occur both in credits attempted and correspondingly in credits earned. This evaluation shall be made upon the student's initial entry into a new program, not thereafter.

GENERAL ACADEMIC INFORMATION

The changes in academic information described on the following pages become effective August 1973 and will be applicable only to course work for August 1973 and after.

NEW REQUIREMENTS FOR RETENTION AND GRADUATION

1. A minimum of 120 credits of successfully completed (not I, F, or W) course credits are required for graduation in any degree curriculum. Credits transferred, or earned during prior admissions terminating in academic dismissal or withdrawal and followed by readmission, will be applicable toward meeting credit requirements for a degree.
2. A full-time student will be placed on academic probation at the end of any semester in which he does not achieve a total of 24 quality points for that semester, except that he will not be placed on academic probation for this reason if he earns at least a 2.0 average on a registration (at the end of the schedule adjustment period) of 9-11 credits. Exceptions are also allowed for all full-time students in their first semester of registration on the College Park Campus, who must earn at least 18 quality points for that semester. This exception does not apply to students who have earned more than 8 credits through previous registration in the University.
3. Any student, full- or part-time, who fails to maintain a minimum *cumulative* average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus (with grades of A, B, C, D, P, S, or F), plus any credits transferred, is 45 credits, will be placed on academic probation. Credits completed with grades of A, B, C, D, and F, but not S, P, or I will be used in the computation of the cumulative average.
4. A student who does not meet the academic standards for any given semester will be placed on probation and must display acceptable performance in quality points and cumulative average (if applicable) during the next semester in order to regain good academic standing. A student will be dismissed at the end of the second consecutive, or fourth total, semester of unacceptable performance. Courses for which the mark W is recorded are excluded from all such computations or credit requirements.
5. A student who has been academically dismissed and who is reinstated, will be academically dismissed again if he does not meet the academic standards for any two additional semesters after his return. In the computation of his cumulative average after return, all credits earned at the University of Maryland will be used.
6. When a student is placed on academic probation or is academically dismissed, the action shall be entered on the student's official and permanent record.

7. Any course may be repeated, but if a student repeats a course in which he has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the higher mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades.
8. Any appeal from the regulations governing academic probation or academic dismissal shall be directed to the Petition Board, which shall be empowered to grant relief in unusual cases, if the circumstances warrant such action.

MARKING SYSTEM

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W. These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages, a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computation of cumulative or semester averages a mark of B will be assigned 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.

7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option.) The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor; it is the student's responsibility to request arrangements for completion of the work. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.
10. The *mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the schedule adjustment period. This mark shall not be used in any computation, but for information and completeness is placed on the permanent record by the Office of Registrations. The Office of Registrations will promptly notify the instructor that the student has withdrawn from the course.
11. *Audit*. A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

CREDIT BY EXAMINATION FOR UNDERGRADUATE STUDIES

1. The applicant must be a registered student at the University of Maryland. Part-time students must be enrolled in course work carrying at least three semester hours of credit.

2. The total amount of credit that can be established by examination cannot exceed 30 semester credits, nor may it be part of the final 15 semester credits of the student's program. "Credit by examination" cannot be given for a course in which the student has a grade of "I" outstanding.
3. A grade of D or higher must be obtained in order to establish credit by examination. Letter grades, including F's earned on examinations to establish credit will be entered on the student's transcript and used in computing his cumulative grade point average. Such credits shall be followed by the phrase "By Exam" or "By CLEP Exam", whichever is applicable. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
 4. Approval to take an examination in any course will depend on the student's having received approval of his Academic Advisor, the Chairman of the Department offering the course and the Dean of the College in which the student is enrolled.
 5. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with Chairman of the Department offering the course.

PASS-FAIL OPTION DEFINED UNDERGRADUATE

1. An undergraduate who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Divisional Officer, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

GRADUATE – Not eligible for the PASS-FAIL grading option.

GENERAL REQUIREMENTS

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replace the General Education Requirements. Students presently in the University who graduate after August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. All students first entering the University in August 1973 or after must complete the new General University Requirements.

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below.

- I. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this *Schedule* (see PASS-FAIL OPTION DEFINED).

Area A: 6-12 hours elected in Divisions I and II — Life Sciences and Agriculture; Mathematical, Physical and Engineering Sciences.

Area B: 6-12 hours in Divisions III and V — Behavioral and Social Sciences; Human and Community Resources.

Area C: 6-12 hours in Division IV — Arts and Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisers for guidance in determining which courses in each area best fit individual needs and interests.

- II. Demonstration of competency in English composition. Unless the student has been exempted from English composition, at least one course in this subject will be required. Exemption is granted if the student earns an acceptable score on the Illinois Rhetoric Test administered by the Department of English (score announced annually), or a score of 2 on the English Advanced Placement Test, or by satisfactory completion of a similar course at another institution. Students taking a course to satisfy this requirement may apply the credits toward the 30-hour General University Requirement but may not count these credits toward the satisfaction of the minimum 6-hour requirement in any of the three designated areas. Credit for such a course may be in addition to the 12-hour maximum in any area.

GENERAL EDUCATION REQUIREMENTS:

For students electing to satisfy the old General Education Requirements, the following specific courses may be used (course descriptions appear in the Consolidated Undergraduate Catalog). In addition, a student may (within the limits of his particular curriculum) satisfy a General Education requirement in each category with any designated course for which he

is eligible by placement examination, department evaluation, etc. Additional information may be obtained from the Office of the Dean for Undergraduate Studies, Room 1115 Undergraduate Library (X 2530-2531).

Students under the new University Requirements will receive credit toward graduation for all PHED courses.

BACHELOR OF GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree, approved by the Board of Regents in 1972, differs from other current degrees in that it is a degree without a concentration in a specific discipline or department.

The BGS program permits the student to obtain an education in as broad a set of disciplines or thought patterns as are offered at the College Park Campus without insisting that he adhere to a previously defined curriculum with a departmental or divisional orientation.

No other University degree requirements, such as General Requirements, physical education, health, etc. will apply to the BGS.

Students who elect this program should specifically be aware that it is not designed to satisfy graduate school admission requirements or professional employment requirements. The very concept of the BGS is predicated on a broad ranging educational objective and not on the more specific requirements of graduate school and professional employment. It will be some time before the attitude of employers and graduate schools become clear toward the graduate of the BGS program. Students electing it must be aware of these uncertainties and accept the responsibilities.

Additional information may be obtained from Dr. Margaret Carthy in the Office of the Dean for Undergraduate Studies (telephone: 2530/31).

REQUIREMENTS

To receive a Bachelor of General Studies degree, a student must satisfy the following requirements:

1. A minimum of 120 credits must be accumulated with a grade point average of at least 2.0 in all courses.
2. No more than 30 credits in any one department may be applied toward the required 120 credits.
3. The courses taken must be distributed over at least three divisions with a maximum of 60 credits in any one division counted toward the required 120 credits.
4. At least 45 credits must be taken at the upper level (courses numbered 300 or higher); a 2.0 average must be obtained in all upper level courses.
5. The student must be registered as only a Bachelor of General Studies major for at least the last 30 credits immediately preceding the awarding of the degree. A student who wishes to earn a second baccalaureate must satisfy all University requirements for the earning of two degrees.
6. The student pursuing the BGS program shall be advised by a faculty member either appointed by or acceptable to the Dean for Undergraduate Studies.

DIVISION ABBREVIATIONS

Under the College Park campus reorganization, effective in August 1973, all students will be affiliated with one of the five new divisions or the Dean of Undergraduate Studies.

The division abbreviation in parentheses to the right of each department heading indicates the division in which that department is located, e.g. (HUM+COM RES) below.

Exceptions to this occur in the case of Honors (HONR) and General Education (GNED) courses where division is determined by course title. It has not yet been determined to which division particular Honors (HONR) courses will apply. This information will appear in the 2nd Edition of the Fall 1973 Schedule of Classes.

The table below indicates the relationship between division titles and abbreviations. The information in the table is accurate as of February 15, 1973. It is subject to revision before August 1973. Revisions that occur will appear in the 2nd Edition of the Fall 1973 Schedule of Classes.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to familiarize himself with the degree requirements indicated in The Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

For additional information about advisors and advisement procedures contact the Dean for Undergraduate Studies in Room 1115, Undergraduate Library or call on x2530.

Advisement is required for all first semester freshmen and transfer students. **GRADUATE** — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

UNDERGRADUATE — limited to 21 sem. hrs.

Any exceptions must be approved by the Dean. Forms for this purpose will be available in the Dean's Office and should be turned in with Registration Materials.

GRADUATE — limited to 15 sem. hrs.

GRADUATE STUDENTS with a Teaching or Research Assistantship — limited to 10 sem. hrs.

FULL-TIME STATUS DEFINED

Effective August 1973, official status (either full-time or part-time) for academic purposes will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period.

GRADUATE — Full-time — Registered for minimum of 48 graduate units at end of the Schedule Adjustment Period.

GRADUATE STUDENTS with Teaching or Research Assistantship — Full-time — Registered for minimum of 24 graduate units at end of the Schedule Adjustment Period.

FOREIGN LANGUAGE PLACEMENT

ARTS AND SCIENCES REQUIREMENTS: If a student has had three years of one foreign language or two years each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign languages in the college, although he may elect to do so.

FRENCH DEPARTMENT: Students who have had two or more years of high school French are required to take the Placement Exam. They may place in French 101 *for credit*, French 103, French 104, or higher. Admission to French 102 is limited to those who have completed French 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 *for credit*. Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain as to their ability to take Span. 104, or (2) they wish to be exempted from Span. 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Span. 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Span. 101 must follow the prescribed sequence of Span. 101, 102, and 104.

Students who feel uncertain as to their ability to take Span. 104 may opt to take Span. 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the Arts and Sciences language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

FOREIGN LANGUAGE PLACEMENT EXAM SCHEDULE

"During the spring and summer semesters, 1973, there will be placement testing in Room 0106, Shoemaker Building at 3:00 p.m. on the second Friday of each month. To be admitted for testing, students must have a picture I.D. Testing during Fall Registration Week is scheduled for August 27th and August 28th at 9:00 a.m. in Room 2102, Shoemaker Building. Bring a picture I.D. in order to be admitted."
